- Open the downloaded spreadsheet and input values into the first two columns (do not make changes to the other columns)
  - For salsify:product\_id, input the Item Number that you would like the image to be linked to (you can use Excel formulas to determine the image's product ID from its filename)
  - For salsify:attribute\_id, input the ID of the Salsify property that the image should fall under.
    - SKU Group Image
    - SKU Group Alt Images
    - Main Image
    - Alt Images

## Importing the Linking spreadsheet back into Salsify

To Upload the now complete Digital Asset Linking Spreadsheet,

1. Go to the **Digital Assets** page.
2. Click the blue **Actions** button.
3. Select "**Upload Linking Spreadsheet**"
4. Select the your downloaded file, the upload should start automatically after you select your file.

Once your upload is complete, you will see a status window reviewing how many products were updated with linked digital assets.
